

Utilizing

**Research
Findings**

**to Impact
Communities**

**DR. Mercy Maina
Board Member CGI
&
Chair, Standards & Ethics Committee**

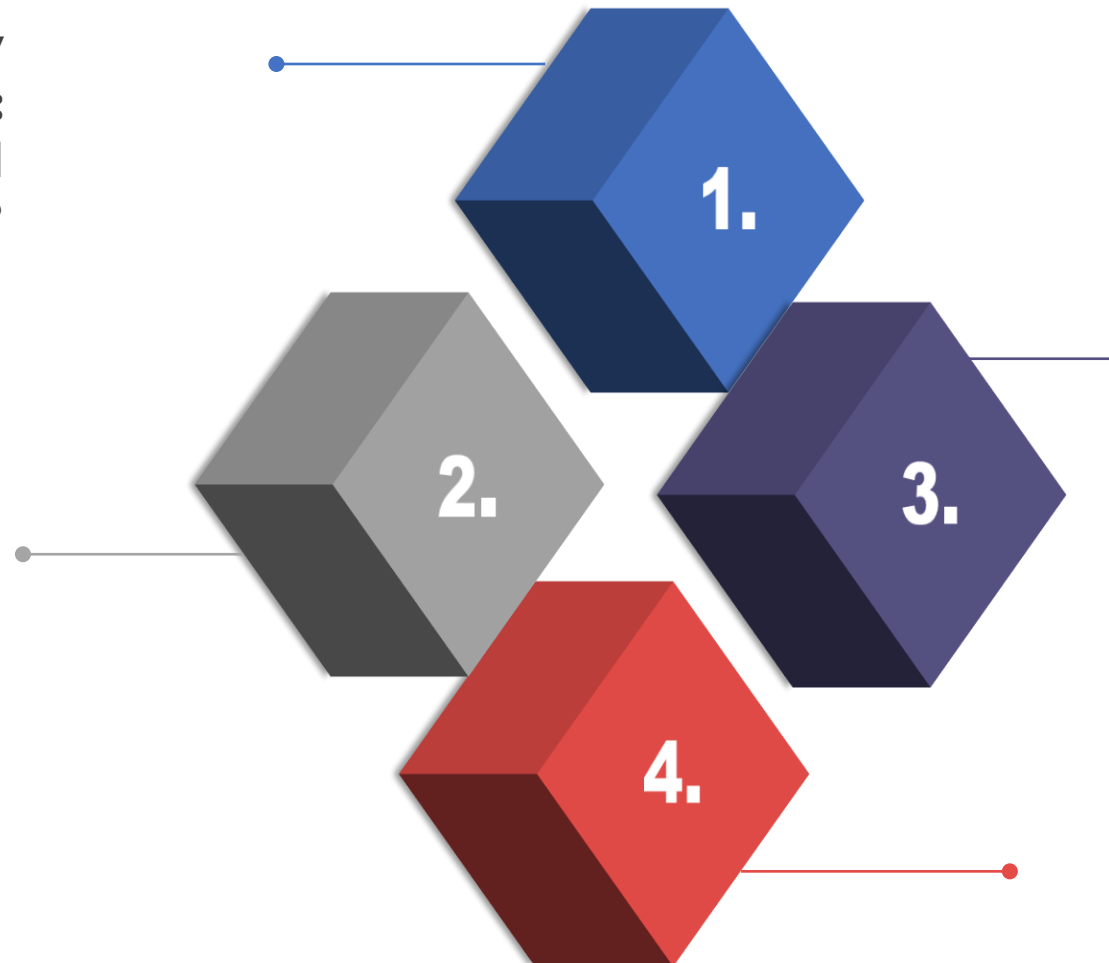

Outline

- 01** | **Research Interest**
- 02** | **Findings Utilization**
- 03** | **My Research Interest**
- 04** | **Utilization of My Research Findings**

Research Interest

**Interest and Curiosity
in a specific area:
(what upsets you and
it can be solved?)**

**Execution and Follow
Research Protocols
(entire research
process)**

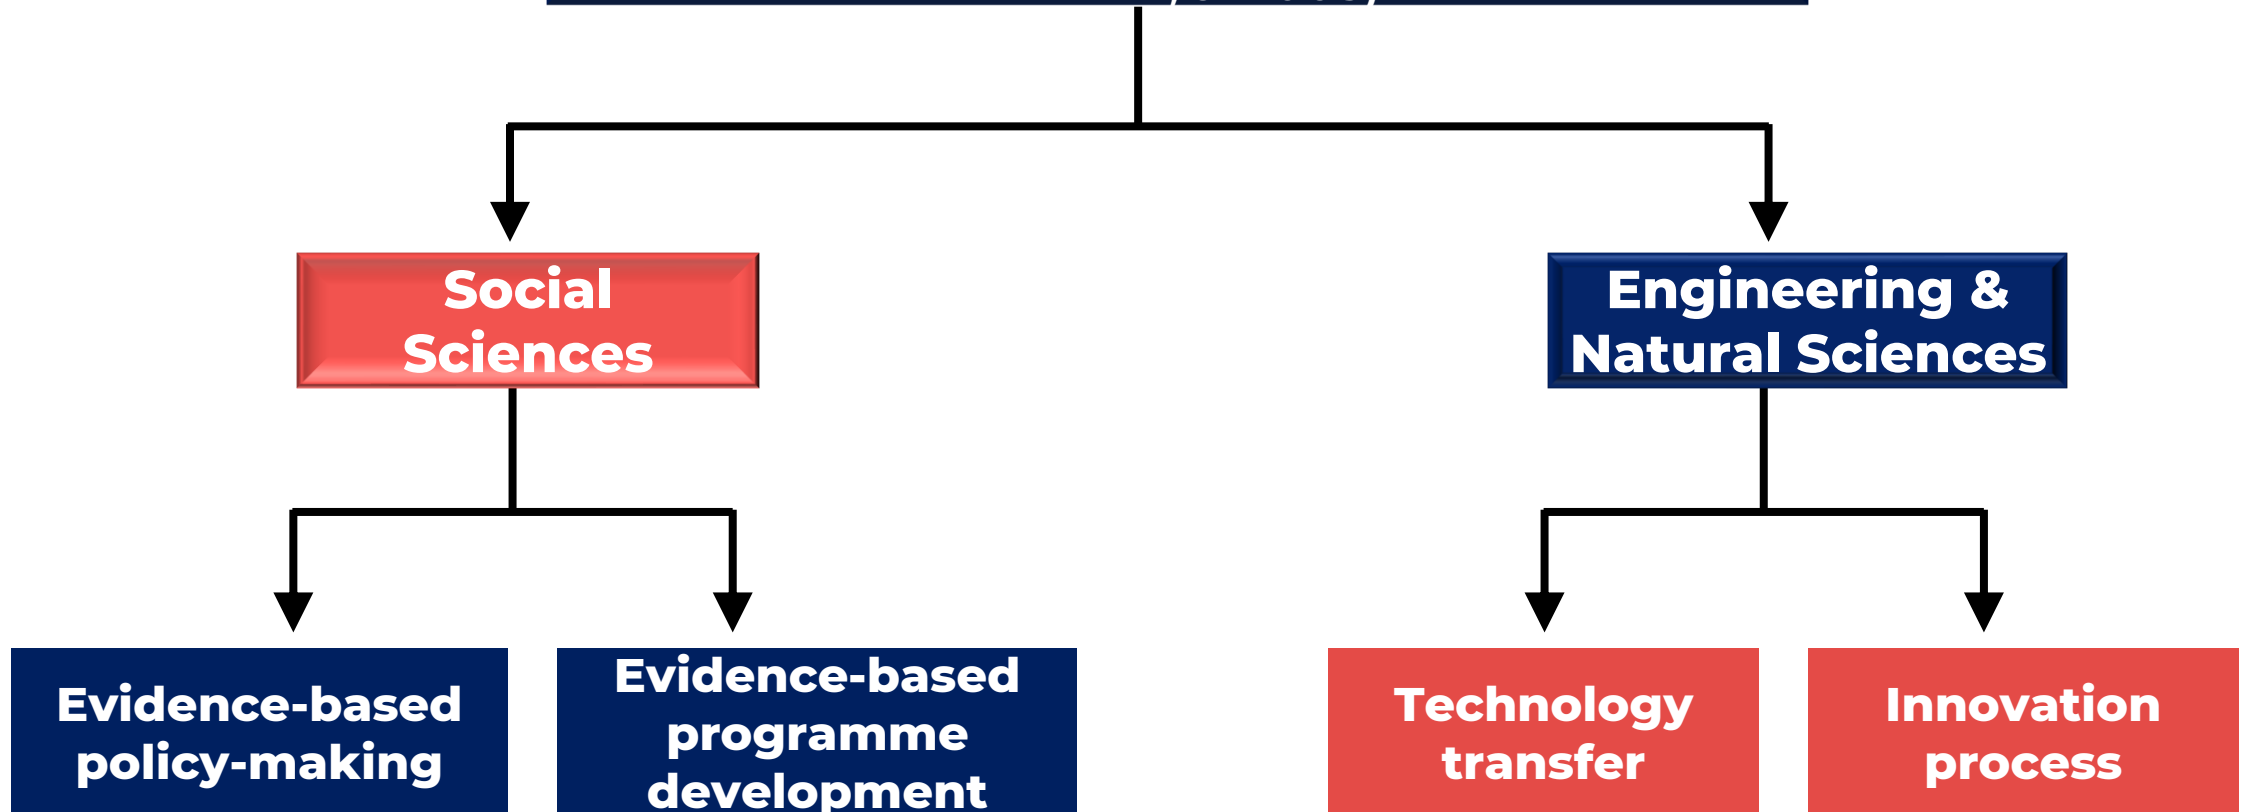

**Findings and
Recommendations:
Evidence and Practical
Suggestions.**

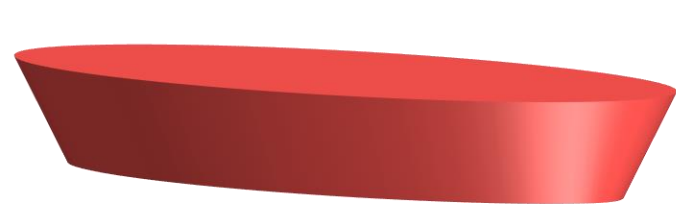

**Utilization of Findings:
Implementation to solve or
intervene to impact the
community**

Findings Utilization

Solve specific problems or interventions, processes practices or broaden knowledge base (Bailey, T. & Mouton, J. 2005)

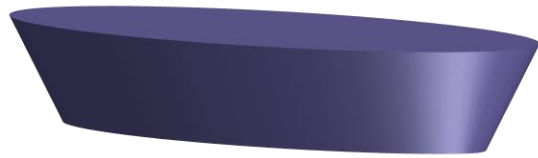

My Research Interests

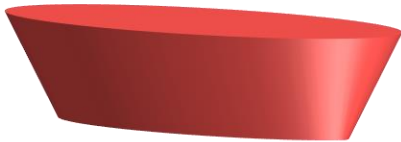

1

Career Guidance Services for students and youth schools, higher education and communities since 1997

2

Career problems: inability & delay to make choices, frequent change of the choices, field of study mismatch, unhappy workers

3

Research trigger/curiosity: frequent change of courses and programmes among university freshmen immediately they report

4

Research evidence: Unpublished reports show 50% first year students change the courses admitted for (Ayiro, 2016) but **data driven evidence was absent!**

Kenyan Situation of Students' Transition from high school into Post Secondary Education

Academic Year	2018/19	2019/2020	2020/2021
Candidature	653,787	693,770	752,933
University Placement	68,550	89,488	122,831
TVET Placement	94,902	115,923	94,609
Balance	490,335 75%	488,359 70%	535,493 (71%)

Unpublished reports 50%
change their courses or programmes immediately they report

Inability, delay or confused to make choices

Research opportunity to establish causes and possible interventions

Economic Survey, 2021

My Dissertation Topic:

Factors influencing change of Programmes of Study among first year undergraduate students in Kenyan Universities.

01

Purpose provide evidence of these changes v/s unpublished reports

02

Study area: 7 Kenyan public universities targeting freshmen

03

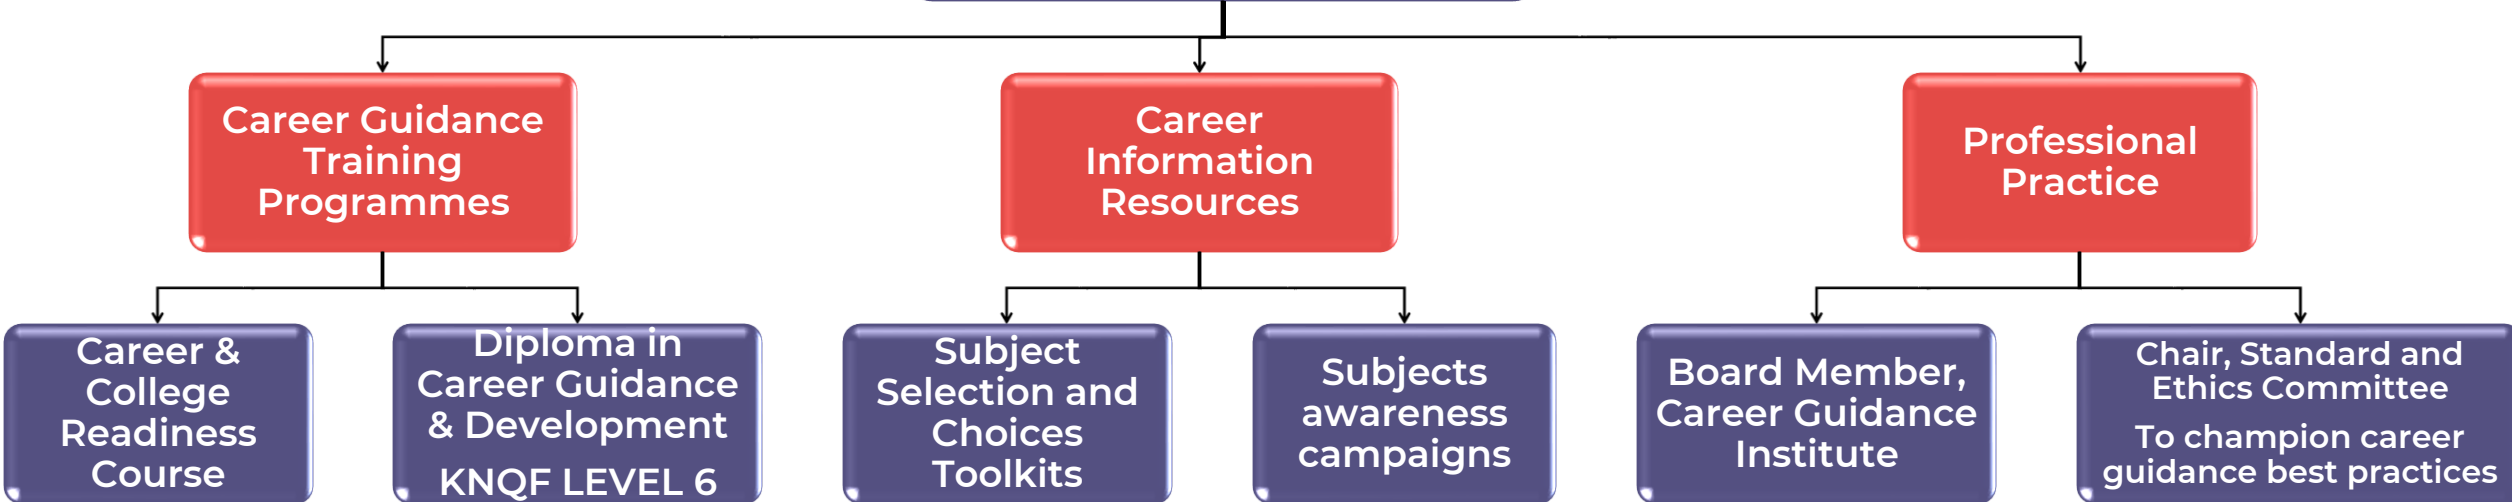

Findings: 23% changed their courses

04

Recommendations: career guidance programmes: career fairs/days, career awareness workshops, career information

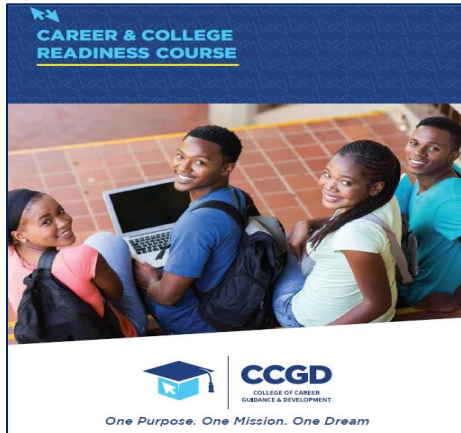

Implementation of Findings

Evidenced Interventions

Training Interventions

500 students & youth so far have gone through this course

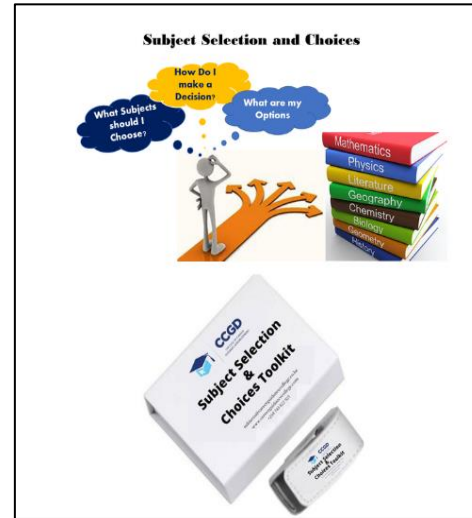

200 teachers were trained on career advice & TVET courses

10 students in our first cohort that started in January 2022; 1st of its kind in East Africa!

Career Information Resources

Home Science 441 Career Opportunities

Home Care and Management Careers

- Interior design
- Floral design
- Building construction and repairs
- House keeping
- Property management
- Painting and wall decorating
- Store management
- Urban planning
- Showroom planning
- Home furnishings
- Teaching

Food and Nutrition Careers

- Food Science
- Food Stylists
- Food service
- Food preservation & storage
- Catering
- Chef
