Maturity modelling

- Team size
- QlikView to Fabric
- DLHE to GO
- Operational Reports to Key Performance Indicators

Measuring our impact

↑ Primary Goal

★ Intended Outcomes

- Enabling Activities

Everything we do, should be aimed out our primary goal

↑ Developing Career Thinking

★ Planned, meaningful lives

★ Developing Skills

- Logging in
- Using Services
- Engaging in Curriculum
- Making Connections
- Engaging Globally

“If interventions don't move the dial,
they're not worthwhile”

Monitoring performance

UNIVERSITY OF LEEDS

- Bespoke reporting for year-end and in-year
- Student journeys
- Year-on-year comparisons
- Cumulative and in-year breakdowns

Student Opportunities and Futures strategy

Key Performance Indicators overview

Data sources:
Reporting period: 2023/24
Graduate Outcomes: 2021/22

Performance in this report is automatically generated from a Power BI report. The [Student Opportunities and Futures Strategy SharePoint site](#) holds further information and case studies to support colleagues in enhancing performance in their local areas. Headlines are colour coded as blue for positive growth, red for negative decline or grey for negligible change to ensure accessibility of reporting.

Primary goal

Developing Career Thinking
The proportion of students who are either thinking or developing in their Career Readiness

Career Journey breakdowns: 'Started Positive' students started their journey positive. 'Remained Positive' students were positive both this year and last year. 'Became Positive' students were positive this year, but not last year. 'Started Negative' students started their journey negative. 'Remained Negative' students were positive neither this year, nor last year. 'Became Negative' students were positive last year, but not positive this year. 'Unknown' signifies that students opted out.

Enabling activities

Logging in
The proportion of students who have logged on to MyCareer

Making connections
The number of potential facilitated connections

Using services
The proportion of students using Careers support or on Careers-supported curriculum

Engaging globally
The number of students engaging with global opportunities

Faculty & Professional Services Action Plans

Leeds University Union

KPI 1 – The proportion of students who are either thinking or developing in their Career Readiness

Deliverable Action	Measurable Outcome	Target Date	Who
Raise awareness amongst students of the meaning of Career Readiness and when and how to update	Increase in middle year students who rank as positive against Career Readiness	This can now be changed in year, so should be measured in January to assess differences to start of academic year	Measured by Coordinator in EPS Employability Team Officers to advise in interactions: 1-2-1, workshops, lectures, at placement application and approval stage.
Link in with Academic personal tutors (APT): <ol style="list-style-type: none"> Multiple sign-up sessions in the EPS Employability Suite for tutors to raise awareness of career readiness and the ways we can impact it. Follow up analysing career readiness data to find pockets in 	<ol style="list-style-type: none"> Tutors feeling more confident with Career Readiness and the longer-term implications of this for student success. Increase in mechanisms to provide support for students in at risk areas 	September to November to initially monitor success and lessons learnt	Managers, Officers, Consultant. Academic Personal Tutors

Bringing teams with us
